K. O. C. INFORMATION BUREAU GOOD MINSTREL SHOW HERE  
ACCOMPLISHING MUCH GOOD MONDAY FOR ONE NIGHT.

In Behalf of the Disabled Veterans of the World War—Local Secretary Handled 112 Cases During Month of December.

Mrs. M. C. Gager, local secretary of the Information Bureau for Service and Ex-Service Men, with headquarters at the courthouse, renders her first report under the auspices of the Knights of Columbus Welfare Association.

During the war and for many months thereafter Mrs. Gager represented the work of the American Red Cross here, and owing to the abolishing of the Red Cross work in this city, resumed practically the same class of welfare work under the K. of C. direction.

To spend an afternoon in the office of Mrs. Gager is interesting to know the volume of work involved in completing the necessary papers required of the government in furnishing the necessary data of the discharged soldier when applications are made for compensation, medical examinations, etc.

Ex-soldiers keep the local secretary constantly engaged in supplying information relative to the benefits they are entitled to.

Many of those applying are in actual need of hospitalization, but it seems that they don't like the idea of being sent to hospitals, when it is for their own good to prepare for the educational advantages offered by the Federal Board of Vocational Training. In order to carry out this work successfully former service men are shown their rights to compensations, and when pronounced cured are then induced to take advantage of their opportunities in vocational schools.

It will be well for every ex-service man to know that they are entitled to a medical examination and if necessary medical treatment free of cost and to meet the needs of such they only have to apply to Mrs. Gager, who will fill in the necessary forms and make arrangements for medical examination by Dr. R. H. Rush, representative of the United States Public Health Service, here in Bay St. Louis. If hospital treatment is recommended transportation to the nearest available institution is furnished free of cost through Mrs. Gager by the District Surgeon.

Every disabled man in the service of the recent war are urged to avail themselves of the many opportunities offered free of charge by the government. You will not be acting in any sense beggarly—these benefits are justly earned and Mrs. Gager insists that the ex-service man of Hancock County call and see her and file claim for which is yours.

In substance of 112 cases handled during the month of December Mrs. Gager numerates the following:

Nine men sent to hospital for treatment, one at Camp Alexandria La., and nine at Marine Hospital at New Orleans.

Nine approved for vocational training. Ernest Lafountain, Walter Ladner, Dan Lafountain, Antoine Saucier, Randolph Gonzales, Gordon Herring, Placide Neicase, Jesse T. Lott, Nelson Williams (colored). All these men were placed in the Tulane Receiving School at New Orleans except Placide Neicase, who will take a course in Veterinary at Auburn, Alabama.

Seventeen claims for compensation filed.

Two Accolades, Herbert Woods and T. Luc.

One application for discharge for minor.

Twenty victory medals secured.

Draft sent to Austria to relatives of Mr. Beniventu. Transportation furnished to man home.

A. A. KERGOSIEN, Clerk.

The secretary reports the death of Curtis Eugene Farrington who died in Logtown on December 30th. Mr. Farrington was in the service and recently discharged account of illness and was at home only a short time before his death. He was admired by all that knew him, and held high esteem in his community. Though he died not on the battle fields, his life was sacrificed for love of his fellowmen. Deep sympathy is extended to his devoted mother and relatives in their loss.

In behalf of the local secretary, Mrs. Gager, she is held in high esteem by the local war veterans and the work being accomplished in their behalf should be gratifying to those that have not applied for compensation.

Owing to the oversight of Dr. C. L. Horton, was omitted from the list of contributors to the colored department of The Hancock County Fair Association. Dr. Horton was among the first to give \$5 and gives me much pleasure to say that he has contributed liberally and willingly to all causes that effect the good of the colored people.

BIRTH REGISTRATION VERY  
ESSENTIAL SAYS DR. MEAD.

Hancock County Health Officer Issues Bulletin Urging Prompt Birth Registration—Gives Reason Why Every Birth Be Legally Recorded.

Some reasons why the birth of every child in Hancock County should be legally registered:

1. To establish identity.

2. To prove nationality.

3. To prove legitimacy.

4. To show when child has right to enter school. (Compulsory education law passed recently.)

5. To show when child has right to seek employment under child labor law.

6. To establish right of inheritance.

7. To establish liability to military duty or exemption therefrom.

8. To establish right to vote.

9. To qualify to hold the title to buy and sell real estate.

10. To establish right to hold a public office.

11. To prove the age at which the marriage contract may be entered into.

12. To make possible the statistical studies of health conditions.

Every individual should co-operate with their local registrar of vital statistics and see that every birth and death is legally registered.

TEACHERS' ASSOCIATION.

The second meeting of the County Teachers' Association will be held at Kiln, Miss., on January 15th, 1921. All teachers and trustees of the county are urged to be present.

It is very difficult to visit the studios, and our success at gaining an entrance and procuring the complimentary service of a guide was due to the kindness of Mr. E. V. Richards, of the Saenger Amusement Company, at New Orleans and Bay St. Louis. But the visit to Universal City will not be all. We are armed with almost a dozen letters of introduction to other studios, but there is so much to be seen in and around Los Angeles and our engagement book is so filled that there is comparatively little time left for visiting the studios, however, we intend visiting others before bidding adieu to this land of sunshine and flowers and where man has lost no opportunity to embellish.

Every home here has its well-kept grounds, with a wealth of flowers on every side. Geraniums grow to the height of the second story windows and from the second-story back porch the poinsettias with their leaves of deep scarlet will be out. But who would cut them? For they grow on every side. Carnations grow here in every shade. We buy them, large size in deep red colors, at 25 cents an armful. The Japanese here are largely engaged in the floral business. Their gardens are in the suburbs. Here are the carnations, asters, roses, etc., growing in the open and the scene is riot with color and fragrance. And generally this is surrounded by the orange trees bearing fruit. The oranges here are the navel and valencia. On the ground there are apparently as many of these sunburst oranges as on the trees.

In the residential district the gardens grow in front of a home in clusters, trees and flowers, with a great variety to above the pedes-

trian walk. There are no

sidewalks, no lawns, no

driveways, no garages, no

garages, no garages, no

## A LETTER FOR WOMEN

From a Woman Whose Serious Illness Was Overcome by Lydia E. Pinkham's Vegetable Compound.

Garnett, Kas.—"I first took Lydia E. Pinkham's Vegetable Compound for a complete nervous breakdown following the birth of my oldest child. I got up too soon which caused serious trouble. I was so weak that I was not able to be on my feet, but very little and could not do my housework at all. I had a bad pain in my left side and it would pain terribly if I stepped off a curb-stone. One day one of your booklets was thrown in the yard and I read every word in it. There were so many who had been helped by your medicine that I wanted to try it and I bought a small bottle and took a little. It seemed to help me a little, but not much, so I took another. It seemed to help after the second dose, so I kept on until I had taken five bottles and by that time I was as well as I could wish. About a year later I gave birth to a ten pound boy, and have had two more children since, and my health has been fine. If I ever have trouble of any kind I am going to take your medicine for I give it all the praise for my good health. I always recommend your medicine whenever I can."—Mrs. EVA E. SHAW, Garnett, Kansas.

## DODSON KILLING USE OF CALOMEL

Says Drug is Mercury and Acts Like Dynamite on Your Liver

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness, and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no billowing, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead, and feel fine, full of vigor and ambition. Adv.

## TENSE PRESSURE ON HER HEAD

"My Sides, Back and Head Pained Me Just All The Time," Says Alabama Lady, Who Took Cardui and Got Well.

Unlontown, Ala.—"After the birth of my baby, I came near dying," writes Mrs. Maude Feets, of Unlontown. "I was in an awful condition. . . . It just looked like I would die.

"I couldn't bear anyone to even touch me, I was so sore, not even to turn me in bed. My sides, back and head all pained me, just all the time.

"We had the doctor every day and he did everything he knew how. It looked like. Yet I lay there suffering such intense pains as seems I can't describe.

"Finally, I said to my husband, 'Let us try Cardui' . . . He went for it at once, and before I had taken the first bottle the . . . soreness began to go away, and I began to mend. The intense pressure seemed at once to leave my head, and before long I was up.

"I took three bottles and was well and strong and able to do my work. I believed Cardui saved my life. . . . I cannot praise it enough for what it did for me."

### LARGER IMPORTS OF BUTTER.

For First Seven Months of This Year  
22,950,000 Pounds Shipped to  
United States

The record for butter imports established in 1919, when 9,519,000 pounds of butter and butter substitutes were brought into the United States, was short lived. Following the recent announcement of these important figures by the United States Department of Agriculture, the department has compiled reports for the first seven months of this year which show that the United States during that period imported 22,950,000 pounds of foreign butter, which is more than ever before.

This remarkable increase is attributed by foreign marketing experts of the department's bureau of markets largely to the foreign exchange situation. With American dollars commanding a premium throughout the world it is obviously good business for foreign butter manufacturers to sell their product in the United States. Foreign manufacturers also have the advantage of low cargo rates. Another reason for the increased imports is that whereas England was formerly Denmark's principal butter outlet England can now purchase butter more cheaply from Australia and Argentina. Ireland also is producing butter on a larger scale.

The effect of the exchange situation is also reflected in a decrease of American butter exports. Thus, 15-

young man who practiced medicine in a rural district became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce who afterward moved to Buffalo, N. Y. He made up his mind to place some of his medicines before the public, and he put up what he called his "Favorite Prescription" and placed it in the Union Drug Store, Dr. Pierce's Favorite Prescription has sold more largely throughout the United States than any other medicine of like character. It is the testimony of thousands of women that it has benefited or entirely eradicated such distressing ailments as women are prone to. It is now sold by druggists in tablet form as well as liquid.

MONTGOMERY, ALA.—"From the time I was a very young girl I suffered with severe backaches and nothing I took gave me any relief until I began taking 'Favorite Prescription' and just a few bottles completely cured me. I have never suffered with backache since."—Mrs. T. H. PATTON, 764 Clayton Street,
